

QUALIFIED SENIOR SPECIALIST

Seniors Real Estate Specialists are REALTORS® that are qualified to address the needs of home buyers and sellers aged 50 plus. The Seniors Real Estate Specialists Council awards this designation to those who have successfully completed it's education program.

By earning this Seniors Real Estate Specialist designation, I have demonstrated the necessary knowledge and expertise to council clients who are 50 plus, through the major financial and lifestyle transitions involved in relocation, refinancing or selling the family home. With this designation I have received special training and am prepared to offer the options and information you need as you consider these life changing decisions.

Backed by the resources of the oldest and largest Canadian real estate company, Royal LePage Frank is a brokerage that is committed to representing their clients best interests at all times.

Allow me the opportunity to assist you as you consider your options in today's real estate market.
